## **Caribou County Detention Center**

### **2019 Annual PREA Report: 01-21-2020**

Rape and sexual activity seriously reduces the mission of the Caribou County Sheriff's Office to prevent crime and provide quality criminal justice services. In accordance with the Prison Rape Elimination Act of 2003, the Caribou County Detention Center has established a zero tolerance standard regarding the incidence of rape and sexual activity.

By providing training, education, and reviewing our policy and procedures on a yearly basis we are confident that we are providing the inmates, staff, contractors, and volunteers everything we can so they are confident and comfortable with the PREA mandates. We are also confident that all of our staff, contractors, and volunteers have a thorough knowledge and understanding of the PREA mandates and the Caribou County Detention Center policy and procedures in order to effectively provide sexual abuse and harassment prevention, detection and response to those allegations.

A PREA incident review is conducted on all PREA allegations that have been substantiated and unsubstantiated. The results of these reviews are used to assess and improve effectiveness and any corrective actions that may be needed pursuant to PREA mandate 115.88.

The occurrence of sexual abuse at the Caribou County Detention Center is very low. Upon reviewing the aggregated data for 2019 we had zero substantiated allegations of sexual abuse or sexual harassment.

We feel as though our current policy and procedures effectively provided prevention, detection and response to the allegation. A PREA incident review is conducted on all PREA allegations that have been reported at the Caribou County Detention Center. We had two allegations of non-consensual sexual acts reported, both incidents were investigated and found to be unsubstantiated, due to our zero-tolerance policy the inmates were separated, in one case the inmate was already in another facility. We had two allegations of inmate-on-inmate sexual harassment; both were unfounded. We had one allegation of Staff sexual misconduct, Detective Downs completed an investigation and found the allegations to be unsubstantiated. We felt as though we had enough staffing to provide prevention, detection and response. We determined that adequate video monitoring was in place.

We realize that we must continually provide training to our staff members, contractors and volunteers. We must continually provide education to the inmates in order to provide effective detection, prevention and response to PREA allegations. We are dedicated to providing high levels of supervision and monitoring of the inmates to provide them the protection they deserve. We are dedicated to providing strong zero-tolerance policies and procedures, and a safe and secure environment for the inmates, providing them with a comfort that they can report PREA allegations free from retaliation and in a confidential format.
